Professional Development

Individual consultation with experts request through website: <http://healthystartepic.org/grantee-corner/request-technical-assistance/>

The screenshot shows the website for the Healthy Start EPIC Center. At the top left is the logo with the letters E, P, I, C in a grid, with the tagline "Supporting communities to give every child a Healthy Start." To the right of the logo is the text "Healthy Start EPIC Center" and a search bar. Below the logo and title are navigation buttons for "ABOUT HEALTHY START", "EPIC FRAMEWORK", "TRAINING AND EVENTS", "RESOURCES", and "GRANTEE CORNER". The "GRANTEE CORNER" button is highlighted in purple and contains the text "Request Technical Assistance". Below this, there is a list of links: "Community Health Worker Survey", "Request Technical Assistance" (highlighted), "Connect", "e-News", "Collective Impact PLN", and "Mentoring Orientation". To the right of this list is a paragraph of text describing the services provided, followed by a link titled "How do I access TA for my Healthy Start Program?".

Collective Impact PLN

Mentoring Orientation

The *Healthy Start EPIC Center* provides free training and technical assistance (TA) to support Healthy Start grantees in achieving program goals to reduce infant mortality, reduce health disparities, and improve birth outcomes. Training and TA are mutually reinforcing capacity building activities. Training strives to build staff core competencies and organizational capacities to effectively provide Healthy Start services. TA provides for free, in-depth assistance in a focused area to an individual grantee or group of grantees, with an eye toward practical application of evidence-based practices targeting Healthy Start performance measures. Training and TA are offered through various modalities, including conferences, regional meetings, webinars, phone consultations, Communities of Practice, and Learning Collaboratives.

Website Features

About Healthy Start/Find a Grantee

The screenshot displays the 'Healthy Start - Find a Grantee' website interface. At the top, a red navigation bar contains three icons: 'About', 'Legend', and 'Layers'. To the right of these icons is the title 'Healthy Start - Find a Grantee' and a search bar with the placeholder text 'Zip Code, city, etc.'. Below the navigation bar is a map of the United States with numerous red heart icons representing grantee locations. The map includes state names and major cities. On the left side, a 'Layers' panel is visible, listing several map features with checkboxes:

- Grantee Locations
- NFIMR - Nat. Fetal & Infant Mortality Review Prog.
- FQHC - Federally Qualified Health Centers
- State Boundaries
- % Low Birth Weight
- % Pre-Term Births
- Infant Mortality Rate
- HPSA - Health Professional Shortage Area

The map also features a zoom control on the left and a 'Layers' panel on the right with the text 'Imagery with Labels'.

Website: New and Notable!

Evidence Based Practice Database

- Includes 146 EBPs
- Search by:
 - Topic
 - Perinatal period
 - Resource type

The screenshot shows the 'Evidence-Based Practices' section of a website. At the top, there are navigation tabs: 'ABOUT HEALTHY START' (red), 'EPIC FRAMEWORK' (orange), 'TRAINING AND EVENTS' (green), 'RESOURCES' (blue), and 'GRANTEE CORNER' (purple). Below the tabs is a blue header with the text 'Evidence-Based Practices'. The main content area is titled 'Inventory of Evidence-Based Practices (EBPs) for Healthy Start Programs'. It includes a paragraph explaining that evidence-based practices include actions, activities, strategies, or approaches that improve the health of women, before, during, and after pregnancy. It also mentions that the collection includes informational materials and tools to make it easier to implement evidence-based practices. Below this is a section for 'Most Recently Added EBPs' with a sub-header 'Number of results: 146'. A sample entry is shown for the 'National Center for Medical-Legal Partnership' at the 'Milken Institute School of Public Health at the George Washington University, 2006'. The entry describes Medical-Legal Partnership (MLP) as an approach that integrates the work of healthcare, public health, and civil legal aid. It lists several bullet points: 'Trains healthcare, public health, and legal teams to work collaboratively and identify needs upstream'; 'Treats individual patients' health-harming social and legal needs with legal care ranging from triage and consultations to legal representation'; 'Transforms clinic practice and institutional policies to better respond to patients' health-harming social and legal needs; and'; 'Prevents health-harming legal needs broadly by detecting patterns and improving policies and regulations that have an impact on population health.' Below the entry are sections for 'Topics:' and 'Perinatal periods:'. The 'Topics:' section has buttons for 'Case Management/Care Coordination', 'Insurance Coverage', 'Other', and 'Risk Assessment'. The 'Perinatal periods:' section is partially visible. On the right side of the page, there is a 'Filter by Topic' sidebar with a list of topics, each in a blue button: 'Alcohol/Drug Services', 'Breastfeeding', 'Case Management/Care Coordination', 'Chronic Disease', 'Depression', 'Health Literacy', 'Healthy Weight', 'Home Visiting', 'Immunization', 'Insurance Coverage', 'Intimate Partner Violence', 'Life Course Model', 'Nutrition', 'Oral Health', 'Other', 'Parenting Education', 'Participant Recruitment', and 'Partner Involvement'.
