

## Healthy Start Programs at a Glance

*Take some time to look through these Healthy Start programs' websites. These programs are located all around the country and serve rural, urban, border and tribal areas. While many Healthy Start programs provide similar services their approaches and specific activities vary. As you look through these websites note the similarities and differences you find among programs. You can use the questions on the back as a guide.*

- 1. Baltimore Healthy Start**

## Questions to Consider:

1. What services are offered by all or almost all of these programs?
2. What kinds of community-wide activities are offered?
3. Do any of these programs offer father/partner involvement initiatives?
4. What aspects, activities or approaches do almost all of these programs have in common? *Example: They are all focused on improving infant health.*
5. What are some of the differences you see among these programs?  
*Example: they are based in different kinds of agencies--health centers, community based programs, etc.*
