Places to Read, Learn & Play
Resources in Our Community for Families with Children Under 2

Find out as much as you can about free and safe programs in your community that give parents a place and time to read, learn and play with their babies and young children. Seek out and visit programs in your community. Ask friends and family, other Healthy Start team members, and your Healthy Start participants for their ideas. This sheet includes some ideas to get you started. Fill out this sheet to keep a record of what you find.

Public Libraries
(Examples: Babies and Books, Story Hour and other children's programs in addition to borrowing children's books)
