

The CATCH Pilot:

Community-led Accountability and Transformation in Care experiences and Hospital culture

Community Member Online Interviews

Tell us what really happens
in hospital settings as a
community advocate, artist,
or activist.

We need your help to better
understand how obstetric racism
harms Black women, girls, and
gender-expansive people getting
care for ANY part of their
pregnancy or postpartum.

WHO CAN PARTICIPATE?

- Community activists, advocates, doulas, families, and friends, aged 18 years or older,
- who have supported Black pregnant people on or after January 1, 2021,
- in a birthing hospital located within select counties of Florida, Georgia, Michigan, Minnesota, Mississippi, Missouri, New Jersey, North Carolina, Ohio, South Carolina, Tennessee, and Texas
- and **who felt that the hospital mistreated, neglected, ignored, or harmed Black women or people during any pregnancy-related care.**
